

Jabra GO 6430

STAY IN TOUCH WHEREVER YOU GO

ONE HEADSET FOR YOUR MOBILE AND SOFTPHONE

Hands-free communication is never more important than when you are on the road. You need to coordinate with business contacts, hotels and the office, wherever you are. The Jabra GO™ 6430 makes all this easy. Providing a fully featured *Bluetooth*® solution that unites your mobile and laptop-based voice channels, it makes your mobile office complete.

UNBEATABLE SOUND

Featuring state-of-the-art audio technologies and a stylish boom arm that doesn't compromise on sound quality, the Jabra headset is sure to become your favorite way of talking. A dual microphone Noise Blackout™ system with advanced Digital Signal Processing practically eliminates all background noise, so your voice can be heard clearly even from a noisy location. Wideband quality ensures that the sound you hear is crystal clear, while SafeTone technology protects your hearing.

READY, GET SET, GO!

While traveling, you can save on hotel phones and roaming charges by using a softphone. But softphones rarely work well without a headset – and who wants to be tethered to a laptop the whole time? The Jabra LINK™ 350 USB *Bluetooth* adapter enables you to talk wirelessly over your softphone and offers remote call control with all leading PC-based UC clients. A handy travel charger is also included. Use it to charge the headset from any electrical socket, PC or car adapter.

- Multiuse connectivity: mobile and softphone
- USB *Bluetooth* adapter and travel charger
- Wideband sound (150 Hz – 6,800 Hz)
- Dual microphone Noise Blackout™ system
- Full hearing protection with Jabra SafeTone
- Up to 100m wireless *Bluetooth* range
- Minimal energy-consumption with Jabra IntelliPower
- Superior comfort with 3 wearing styles including choice of two earhooks for your individual style and comfort
- Future-proof investment with free software upgrades via Jabra PC Suite
- Up to 6 hours talk time

All current USB peripherals that are optimized for Microsoft® Office Communicator (PC version), such as headsets, will be compatible with Microsoft® Lync™.

FEATURES & BENEFITS

FEATURE	BENEFIT
Bluetooth headset and USB Bluetooth adapter offering up to 100m wireless range*	Long range connectivity gives users the freedom to multi-task with maximum efficiency and answer phone calls up to 100 meters away from their softphone. Headset range from mobile phone varies according to model but typically up to 25m**.
Multiuse connectivity – mobile and softphone	Allows users to switch seamlessly between calls on mobile and softphones.
Talk time up to 6h**	No need to charge headset even with several consecutive meetings.
Headset controls: – Multifunction button – Headset touch sensor	Includes remote answering/ending of calls, voice-activated dialing, call rejection, redial function, switching between held calls, volume controls and microphone mute.
Bluetooth compliance	Bluetooth 2.1.
Standby time 100h.	Less need to charge headset.
Travel charger	Allows users to charge the headset from any electrical socket, PC or car adapter.
Pouch	Pouch to protect the headset when carried in bags etc.
3 wearing styles: – Earhooks (2 models) – Headband (accessory) – Neckband (accessory)	Swap easily between different wearing styles and attach the headset to whichever ear the user prefers. Headband and neckband are available as accessories.
Headset weight 15g.	Light weight office headset.
Wideband sound and DSP (Digital Signal Processing)	Hear and be heard with digitally enhanced speech in wideband quality. Helping users hear callers better, this feature enhances understanding and call efficiency.
Choice of wideband (150-6,800 Hz) or narrowband (300-3,400 Hz) to match phone systems	Close integration with the specific type of phone system means better call clarity for both parties.
2-microphone Noise Blackout™ technology	State-of-the-art noise-canceling reduces distractions by almost eliminating background noise, so only the user's voice is transmitted.
Jabra SafeTone technologies	Protects users' hearing by cutting off sound spikes and sudden loud noises (PeakStop™ protection) and securing safe average sound levels throughout the day (IntelliTone™). Fully compliant with noise-at-work legislation.
E-hooks and free drivers available at www.jabra.com/pcsuite	Users can answer/end calls up to 100m away from their softphone.
Minimal energy consumption with Jabra IntelliPower system	Headset goes into sleep-mode when not active and a switch mode power supply ensures reduced power consumption. This saves energy and reduces CO ₂ emissions.
Security: encryption between headset and connected device	Secure conversation. No one can listen in on your conversations.
North America: One-year limited warranty	With GN Netcom's no fine print 1-year warranty, you'll enjoy worry-free ownership.
Europe/APAC: Two-year limited warranty	With GN Netcom's no fine print 2-year warranty, you'll enjoy worry-free ownership.

* Range varies according to the environment in which the headset is used

** Range and talk time depend on the device with which the headset is connected

SAFETY

The Jabra GO™ 6430 meets the requirements of the international standard IEC 60950-1. It also meets EN 60950, AS/NZS 60950 and UL 60950 IT equipment safety standards.
